

Received a full TCM education, founder of the first Slovenian TCM clinic and she significantly raised the level and standards of TCM practice in Slovenia, gained patients trust and national recognition of TCM.

Maša applies acupuncture and herbal formulas to improve patients health and treat chronic/acute health problems (neurological problems, pain management, recovery after illness, weak immune system, allergies, uro-gynecological problems, preparation for childbirth and pregnancy health issues, digestive problems, stress relief and other).

-Pregnancy acupuncture:

Masa is particularly interested and engaged in treating pregnancy health issues, and preparation for birth and postpartum recovery. She is educating pregnant women in acupuncture, moxibustion and TCM lifestyle. She is also preparing an online seminar for acupuncture in labor (pain management, contractions...).

-Other: Acupuncture for infertility and gynecological problems, Acupuncture for dermatological problems, Cosmetic acupuncture, Abdominal acupuncture.

At her seminars, workshops or articles she aims to teach TCM theory in a very understandable way. She likes to share TCM skills for everyday life. Her study of Chinese language and medicine, as well as her work with Chinese doctors has helped her greatly in interpreting the traditional methods of healing and prevention.

-Seminars and workshops in libraries, schools, health fairs etc. ('Introduction of TCM basics, TCM pulse and tongue diagnosis, cupping, moxibustion, acupuncture, kitchen herbs' etc)

-more than 50 articles about TCM basics & skills in a renowned Slovenian health magazine 'Viva' and other Slovenian media.
